## SUCCESS IN 3D DESIGN

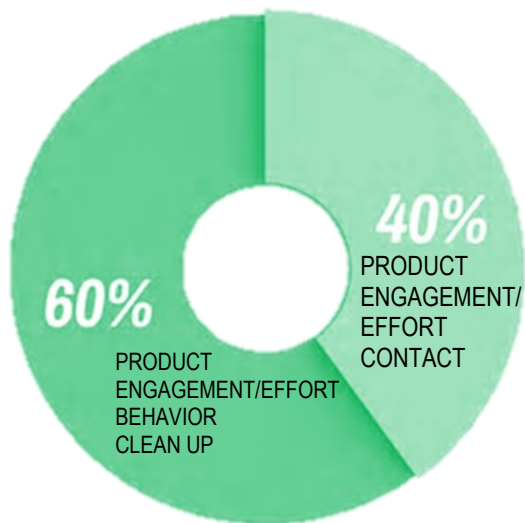

This course is designed to expose students to techniques, genres and art concepts while providing hands on, real life experiences with the visual art world. Your portfolio will reflect your mastery of techniques and materials, your ability to be visually expressive and responsive and your proficiency in expressing your vision through the pieces you create. Students are expected to be engaged with projects on a daily basis both in school and virtually.

## A SAFE ENVIRONMENT = A POSITIVE EXPERIENCE

For a safe and successful learning environment for all there are guidelines that must be followed by all student artists. Amendments will be made as they are needed,

- Directions must be followed the first time they are given.
- **Arrive on time to class; in seat prepared with supplies. If you are distance learning for the day you must sign on to zoom or Teams at the start of the period.**
- Your work area must , your classmates and your teacher; no physical or verbal negativity
- Do not touch items that do not belong to you. At the end of the period and projects must be properly stored. All new protocols for ensuring a healthy environment must be followed.
- Show respect at all times: for yourself, classmate, teacher and materials. Meet all deadlines for maximum success in your grade: It is your responsibility to ask the teacher for assignments missed when absent.
